

REASONS TO ATTEND ICHC 2016 IN İSTANBUL

“Meeting on the Bosphorus”

Learn and share knowledge
Meet colleagues from all around the world
Meet industry representatives
Discover a city where 2 continents meet

Why Istanbul?

- Guaranteed to make your meeting, conference or incentive a memorable success,
- Istanbul is the gateway to the rest of Turkey - definitely a paradise preserved.
- International Meetings in a Safe and Lively City
- Shoppers' Paradise
- Easy to reach - around 480 international flights per day
- First Class Accommodation facilities in walking distance
- Sites & Attractions:

Hagia Sophia, Topkapi Palace, The Blue Mosque, Basilica Cistern,
Turkish & Islamic Art Museum, Museum of Kariye
Whirling Dervish Hall, Rumeli Fortress
Beylerbeyi Palace, Grand Bazaar
Spice Market, Golden Horn
Galata Tower and more...

15th International Congress of Histochemistry and Cytochemistry

ICHC 2016
İSTANBUL
JUNE 19 - 22, 2016

Let's meet where the continents meet

www.ichc2016.com

Dear Ladies and Gentlemen,

On behalf of the Turkish Society for Electron Microscopy, it is my pleasure to invite you to 15th International Congress of Histochemistry and Cytochemistry (ICHC 2016) in June 19-22, 2016, Istanbul, Turkey.

International Congress of Histochemistry and Cytochemistry, held in every four years under the auspices of IFSHC has been providing an international medium on up-to-date techniques to contribute to scientific progresses.

The main goal of ICHC 2016 is to bring the worldwide histochemists together and provide an environment for close cooperation, exchange of information and collaborations. As Istanbul is centrally located between Europe and Asia, we really hope an easy access of scientists from all areas. Istanbul is a unique historical meeting point of Turkey with charming monuments, museums and breathtaking atmosphere of Bosphorus.

Istanbul has previous experiences in hosting large number of congresses. The congress venue, "Military Museum Convention and Exhibition Center" is an historical building within city center with an ideal range of facilities. As being situated in the congress valley, the venue is in walking distance to many 3-,4- and 5- stars hotels.

We hope that all of the participants will spend a fruitful time in ICHC 2016, making the most of the opportunities for international exchange in the field of histochemistry and cytochemistry.

We are looking forward to meeting you in Istanbul in June 2016.

Serap Arbak
ICHC 2016 Chairman

Congress at-a-glance

Host: Turkish Society for Electron Microscopy

Date: June, 19-22, 2016

Venue: Military Museum Convention and Exhibition Center

Scientific programme : Keynote lectures, plenary lectures, symposia, workshops and poster sessions.

Financial support for young participants: Young Histochemist Awards (By IFSHC) and grant from The Scientific and Technological Research Council of Turkey (TUBITAK).

Registration Fees

REGISTRATION FEES	EARLY REGISTRATION	LATE REGISTRATION
Full Delegate	300 Euro	400 Euro
Students / Residents	100 Euro	150 Euro
Accompanying Person	100 Euro	100 Euro
Exhibitor	150 Euro	200 Euro

Congress Venue

Military Museum Convention and Exhibition Center
Harbiye- Şişli / Istanbul

ICHC 2016 MAIN TOPICS

Emerging techniques in immunohistochemistry
Nucleic acid histochemistry
Enzyme histochemistry
Metabolic mapping
Quantitative histochemistry
3-D histochemistry
Novel probes for live cell imaging
In vivo imaging
Tissue arrays
Visualization of biomarkers
Molecular and supramolecular structure of the cell
Cellular adhesion and extracellular matrix
Cytoskeleton
Nuclear dynamics
Cell signalling
Hard tissue histochemistry
Proteomics
Cell growth and differentiation
Cell death
Cellular aging

Autophagy
Endothelial cell function and angiogenesis
Imaging of nerve cell structure and function
Cancer biology
Stem cell biology
Developmental biology
Regenerative medicine
Glycobiology
Nanobiology
Microbiology
Plant science
Pathology and clinical medicine
Confocal microscopy in biology
Correlative light and electron microscopy
Advances in electron microscopy
Electron tomography
Cryo electron microscopy of biological specimens
Probes for multiphoton microscopy
Virtual microscopy

ICHC 2016 COMMITTEES

Congress President : Serap Arbak
Vice Presidents : Suzan Dağlioğlu
Melek Öztürk
Secretary General : Selma Yilmazer

Executive Committee of Turkish Society for Electron Microscopy

Yurdagül CANBERK
Selma YILMAZER
Servet TURAN
Serap ARBAK
